## NOTICE

Are you worried that a child is at risk of extremist behaviour or radicalisation?

What are you noticing?

If immediate risk see the box to the left '**Is a child at immediate risk?**' and the box to the right, '**Is the school building, staff and children at risk?**'

## CHECK

- Record concerns
- Note any changed or more visible behaviour
- Check school records/ with other staff
- Could the parents/carers/online/friends be influencers to radicalisation?

## Is the school building, staff and children at risk?

For example, is there a weapon attack? If there is a threat to the school building, staff or children, follow the school's emergency lockdown procedure.

All staff should be aware of actions to take in the event of a lockdown. Consider whether staff need to watch the RUN, HIDE, TELL video:

Think and prepare:

- Have staff and pupils practiced what to do?
- Have parents been informed of what will happen if the school locks down?
- Do visitors, external providers know, or staff who may deliver after school activities, or evening sessions?

## Make a referral

## SHARE

- Inform the School Designated Safeguarding Lead.
- The School Designated Safeguarding lead will consider all the information available
- Does all the information available indicate a risk of radicalisation or support for terrorism?

## Referral not made

Consider if other safeguarding procedures need to be implemented. Follow the school's policy and procedure.

Continue to: **RECORD – ASSESS – ANALYSE**. Staff need to systematically document concerns, evaluate the level of risk, and then using that information to inform actions and interventions.
