

## Domestic Violence and the Impacts on Children

**COURSE TIME:** 9.30 am – 3.00 pm

**COURSE DURATION:** 2 days

**COURSE PRESENTERS:** Catherine Lawler, Training Consultant and Training Pool

### Aim

To explore the links between domestic violence and child abuse.

### Learning Outcomes

- Recognition the range of effects domestic violence can have on children/young people
- An increased understanding of how to best work within family systems and offer support
- Have had the opportunity to share knowledge and increase understanding of safeguarding issues relating to children/young people affected by domestic violence
- Have examined some of the therapeutic interventions that can be employed to support children and young people.
- Received information regarding local and national specialist services and referral routes.

### Target Audience

Team and Service Managers of front line staff, designated child protection workers and professionals working directly with adults/children who are subject to domestic violence.

**Note: We recommend attending Domestic Violence Foundation Training prior to coming on this course**
